4. Moving the Church

Shorter lines are StoryGuide unit divisions that do not match up exactly with *Saints* chapter divisions; the StoryGuide unit begins part way through the *Saints* chapter.
E.g. the StoryGuide unit 4 (which begins with D&C 37) begins on *Saints* page 109.

Consider cutting out the two strips on either side of the page and pasting them into the margins of your hard copy of *Saints*. This should make it easier to read *Saints* in tandem with your Come Follow Me readings, and help you keep track of the larger story line when reading the Doctrine and Covenants, especially when using the StoryGuide edition.
